RULES TO BE OBSERVED BY CANDIDATES

Each candidate should make himself thoroughly familiar with these rules, as any infringement thereof may result in the cancellation of his examination.

(1) Before the commencement of the second day's examination, each candidate shall, if required, satisfy the Presiding Examiner as to his personal identity.

(2) Candidates shall be in their places punctually at the appointed time, and when the order to stop writing is given shall obey it immediately. If a candidate be not present until after the time appointed, he shall not be allowed any additional time.

(3) If any candidate desires to leave the examination room, he shall, before he leaves, deliver to the Presiding Examiner his answer-papers, and he shall not be allowed to re-enter the room until the expiration of the time allowed for the paper then being written upon.

(4) No candidate shall be permitted to leave the examination room until at least one hour has elapsed after the beginning of the examination.

(5) No candidate shall copy from another, nor shall he leave his answer-paper so exposed that other candidates may copy from him. He shall not bring into the examination room, nor keep in his desk, any book, notes, or paper, or anything from which he may derive assistance. He shall not talk, whisper or make signs to another.

NOTE.—In the event of a candidate breaking any of the rules mentioned in paragraph (5), the Presiding Examiner shall, if he obtains clear evidence of the fact at the time, cause such candidate to leave the examination room at once and shall also exclude him from examination in any other subjects.

If, however, the evidence be not clear at the time, or if it be obtained after the conclusion of the examination, the Presiding Examiner shall report the case to the Examinations Board, which, upon approving of the validity of the evidence submitted, shall order the cancellation of the candidate's entire examination.

No candidate against whom is sustained the charge of breaking any rules laid down in paragraph (5) shall be permitted to appear again for examination within one year from that examination period wherein the offence was committed.

(6) During an examination no candidate shall ask the Presiding Examiner for any explanation or statement in reference to any question on an examination paper, nor shall he make any inquiry whatever respecting the manner or order in which questions should be answered. Should an error appear to have been made in the printing of any paper, or in the wording of any question, no attention shall be drawn to it during the time of the examination either by the Presiding Examiner or by any of the candidates. Candidates may, however, at the end of the examination period submit the matter to the Examiner, who, if he considers it necessary, will report thereon to the Examinations Board. A candidate receiving a damaged or imperfectly printed paper shall return it to the Examiner at once.

(7) *All candidates shall use only the paper provided by the Department of Education.* Candidates shall write legibly and on one side *only* of each answer-sheet, shall use blue or black ink *only*, shall not underline words with coloured pencil nor use brackets around words written in error. The name of the subject shall be written plainly at the top of each sheet and the sheets shall be numbered at the top in the right-hand corner in the order in which they are written. Candidates shall not write their names on their answer-papers. *The sheets shall not be fastened together nor shall they bear any mark whereby the identity or the religious or other affiliation of the candidate could be disclosed to the Examiners.*

(8) The candidate shall fold his answer-paper once across, place it in the envelope provided for the purpose, seal the envelope, write on the outside of the envelope the subject and grade of examination and, on the coupon provided, his name in full, age, school attended, address, and place of writing.
